FLUID LINE
KWIK-CONNECT

KEEP IT FLOWING WITH FLUID LINE KWIK-CONNECT
— Our Cutting-Edge Joining Solution —

Introducing the innovative Fluid-Line Kwik Connect fittings, a cutting-edge solution for seamlessly joining steel, cupro nickel, PVF & nylon tubing. With a remarkable 275 psi working pressure and an impressive 1100 psi burst strength, these fittings ensure robust and reliable connections in various applications. What sets Fluid-Line apart is its user-friendly design – no special tools are required. The push-to-connect feature simplifies installation, saving valuable time and effort. Whether you're working with steel or nylon tubing, Fluid-Line Kwik Connect fittings offer a hassle-free and efficient solution for fluid systems, providing a secure and durable connection every time.
